KiSP Announces expansion of our Dealer services

In addition to Furniture Design & Specification, renderings and animation services, we are now creating virtual spaces In the fascinating Second Life world. We will build your mock-up in which you will be able to circulate using real scale avatars, make wonderful presentations for your bids and RFPs and impress everybody with the latest and most original tool available

Virtual Reality opens a wide range of possibilities for the furniture industry and we would like you to be a part of this new opportunity. Walk through the space, show multiple views and present as many options as you can imagine for each configuration.

- Mock ups
- Presentations
- Bids
- Training
- Interaction

You can interact with everything around you, identify possible obstacles and find solutions for them in beforehand. Your clients will be amazed by your presentations, designers and installers will be delighted with the opportunities Second Life offers and you will be placing your Company in the spotlight.

This is a powerful tool and we invite you to join us in creating your own space.

Please contact us with any questions or concerns, as we would love to assist you in taking your business to a new level.
